OF HIS HIGHNESS THE MAHARAJA OF MYSORE,
LAW DEPARTMENT, BANGALORE.

Sir,

In continuation of my letter No.A2 1029/41-42 dated the 20th May 1942 regarding the supply of emulsion to this Municipality to the extent of at least 1,000 gallons per month for road repairs in this City, I have the honor to state that the General Manager, Government Industrial and Testing Laboratory, has intimated to the Municipal Engineer in his letter No.9065 dated 28-4-42, that, owing to Military demands, it was not possible to supply emulsion until further orders. This letter was placed before the Municipal Council at their meeting held on 25-5-42. They have resolved thereat that Government might be requested again to arrange for the supply of the material in question vide copy of the resolution enclosed.

Many of the roads in this City are in need of urgent repairs. The supply of emulsion is absolutely necessary to keep the roads in proper condition. I may also mention that owing to heavy military lorry traffic, some of the roads are deteriorating rapidly.

I therefore request the favour of issuing needful instructions to the Departments concerned to supply emulsion, to this Municipality early.

I have the honor to be,
Sir,
Your most obedient servant,

Municipal Commissioner.
